## Keynote Speaker

# John O'Leary

Journey with nationally prominent speaker and hometown hero, John O'Leary, as he powerfully reveals how severe adversity can be transformed into the foundation for outstanding growth. As a nine-year-old boy, he was burned over 100% of his body and given less than one percent chance of survival. He endured months in the hospital, years in therapy, dozens of surgeries, and lost all of his fingers to amputation. Despite the odds, he overcame those challenges to become a college graduate; business owner; hospital chaplain; the Ambassador for Big Brothers, Big Sisters; the first inductee into the Energizer "Keep Going" Hall of Fame; an international speaker; and a husband and father. Through emotional story-telling and great humor, John ignites the audience to consider previously unimaginable possibilities. John has shared his message with over 500 organizations in 43 states and 4 countries.

"I recently had John O'Leary speak to a group of highly successful entrepreneurs, which can be a tough audience. John completely captured them with his energy, conviction and the undeniable truth of his message. His uplifting and enlightening message was extremely inspiring to me." George John, P.E., President & CEO, EDSI.
