

**SIUE Civil/Geotechnical Engineering Position.** The Department of Civil Engineering is seeking to fill one tenure track position at the Assistant Professor level to begin August, 2012. Associate professor-level appointments may be considered for candidates with exceptional qualifications. The successful candidate must have the ability to teach undergraduate and graduate courses in civil engineering with emphasis in geotechnical engineering, conduct research in civil engineering, and participate in service activities. The candidate should have an educational background that would permit licensure as a professional engineer. In addition, the candidate should hold at least one degree in civil engineering or geotechnical engineering and be nearing completion of or already possess a doctoral degree in civil engineering or a closely related field. Information about the department can be found at [www.siu.edu/engineering/civilengineering/](http://www.siu.edu/engineering/civilengineering/). Interested persons should send an electronic copy (PDF format) of a letter of interest, the curriculum vita with a list of three references and a one to two page teaching and research statement to [ce-admin@siue.edu](mailto:ce-admin@siue.edu). Review of applications will begin on Jan. 3, 2012, and will continue until the position is filled.
