## Highlights? - Comments – Observations – TWIB Notes

- Week 1** Madame Prez Marie Collins opens up the new season by throwing the first ball. Kirt Ervin begins with a bang rolling 300 & 799. We're fairly sure he wants to sew up the high game and series early, but his teammates wonder how high an average (OW!) he hopes to hold.
- Week 2** Tom Ellegood rolls a nice 278. Kirt wisely lets his average drop 30 pins.
- Week 3** Kirt is back at it with 297 & 756.
- Week 4** Eric Nelson has his highest lifetime game, a 258.
- Week 5** Several earn a "Century" experience: Eric Neuner with 126 after 243, Brian Durow with 136 before 257, and Mark Hejna with 235-129. CIVIL has team games in the 900's, 1000's & 1100's and individual series in the 200's, 300's, 400's, 500's & 600's.
- Week 6** NO BLINDS!! John Kuhlmann is "Mr. Consistency" with 204-214-117.
- Week 7** POWER has (OUCH!) all 5 bowlers consistent with series in the 400's. ELECTRICAL rolls team games 1145-1147-1144.
- Week 8** Mike Augustine muscles up for a great 726 series. Keith L. rolls 707. RAILROAD & HEATING decide to forego any real competition, so no one has a 200 game, Railroad wins 4 of 5 individual series but gives the team series to Heating by 3 pins. Don P. leaves ELECTRICAL alone with Eddie B. and the result is 3 points for the night. (But look ahead at week 15)
- Week 9** Dan S. emails his captain about the team like a MASTERCARD commercial:  
"\$15 to bowl  
\$35 for the inevitable beer frame  
\$35 for the cousins game added halfway through the first game (A Bobby fave apparently)  
\$35 for another to-be-determined contest of skill  
Having the opportunity to be one of the weak bowlers on mighty Construction, PRICELESS!!!!"  
Leta G. buys new shoes to get noticed – can you say YELLOW?
- Week 10** NO BLINDS!! Eugene Johnson leaves the first 5-7-10 of the year, but is NOT in the pot, starting a trend that has more to come. Tim Nugent picks the 4-6-8-10 split (nice break on the 2 pin), in the same frame when Ron Halbach picks the 6-7-10.
- Week 11** Len Lehmkuhl has a lifetime high 789 series including 279 & 268. Mike Kelly rolls his lifetime high game of 246. Dedication defined: Harold B. bowls tonight, before some scheduled heart surgery tomorrow.
- Week 12** Dave Bodnar shoots 265, but tries to keep his average down by following it with 162. Debbie W. earns a strike by hitting in the 6-9-10 "pocket".
- Week 13** COUNTY has 3 bowlers with a 118 first game. POWER and RESEARCH split their match's individual points 1-0-2-3-4 versus 3-4-2-1-0.
- Week 14** Kirt gets weary of his average not dropping much with several weeks of only 600's so he shoots 700. Bob Berry and Jim Schriefer both leave the 5-7-10 (on lane 5, where else?) but both are NOT in the pot. AERONAUTICAL has an 1100 scratch game in a 3002 series.
- Week 15** Kirt shoots 724, overshadowing Phil Jozwiak's 703. ATOMIC has 3009 scratch. Good timing is great to have: AERO reaches first place, having been as low as 11<sup>th</sup>, twice. Everything comes full circle: Eddie B. leaves ELECTRICAL alone with Don P. and they manage only 6 points.
- Week 16** End of the first half with AERONAUTICAL on top. Great series are shot by Eddie Bolden with 717 and Keith L. with 703. Most everyone "saved it up" for position night, as 79% of teams' games are over the 1100 average. Dave R. goes low with a 149. (that's WITH handicap)
- Week 17** AERONAUTICAL and MECHANICAL get "full-housed" with three 500's and two 600's for each team. (This also happened last season when they bowled against each other.) Ken Busch picks the 5-7 split in the first game's 10<sup>TH</sup> frame to beat the blind by 1 pin.

**Week 18** DUCK, is it really shrapnel, Bill? Mr. Clarke goes to pieces. (It was actually his bowling ball breaking up.) Kirt has 279-752, once again putting Phil Jozwiak's 711 into the background. ATOMIC has a mis-match with GEOTECHNICAL who only manages 2 games over 180 against Atomic's blind plus 9 of 12 other games over 200 resulting in 3047 scratch team series.

**Week 19** CONSTRUCTION finds a suitable anchor bowler (Becca). ELECTRICAL loses a game with 1221. Tim Tobin has a great night rolling 268 & 730.

**Week 20** Kirt pounds out 286 & 750 & Keith L. gets 278 & 721, part of ATOMIC'S 3- 600's and 2- 700's, with team scratch scores of 1125+1073+1166 = 3364. (likely a league record) They hang Greg. M. in 4 consecutive frames in the 3<sup>rd</sup> game, and take 38 points. Meanwhile RAILROAD also wins 38 points, with Steve L. bestowing 2 of his 4 points on the opponents.

**Week 21** After the previous remarkable week, ATOMIC only gets 83 for team handicap, but doesn't need help to win 33 points. Ramin Ashrafzadeh strikes 11-in-a-row for 276. Mark Naylor leaves the 5-7-10 in practice but does not bother to enter the pot. Jim Schriefer leaves it for the SECOND time this season, but is still NOT in the pot.

**Week 22** Leon Langenhorst (214-212-213) and Brian Dugan (135-136-137) both earn a "Mr. Consistency" title. HOW do DEY do DAT?>> Kregg Kraus picks the 3-7-8-10.

**Week 23** NO BLINDS!! Frank Vullo ends his evening with 263 after a pair of 150's. Dave Bodnar once again follows (his) tradition with 247-221-114. HIGHWAY temporarily becomes ROAD-KILL. We guess Ron wants to make a point to someone (his team?).

**Week 24** GREATNESS: Kent Burgess bags a 300 and 712 series! It was also good for others: Keith L. has 735, Pat Mueller 706, and Mike Borgard 701. ATOMIC, averaging 210 for the night, gets smoked by COUNTY with all 3 team games over 1200 for the season's high 3696.

**Week 25** Mansour Mansouri rolls his lifetime high game 254, sort of lost behind Greg Klocke's 289, who also lost something, following it with 172-174. Kirt shoots 279-752. CIVIL does very well with 2 series over 600 and 3-500's.

**Week 26** NO BLINDS! Kim F. wonders why he tries as he rolls 615 but only wins 1 point.

**Week 27** Tom Ellegood gets hot with a 279 (first nine strikes) which is a good pick-up after a 159. Ed Johnson really picks one, a "Greek church" split. ROAD-KILL was glad to have a blind for a sure 2 points against their opponent's blind.

**Week 28** Tim Tobin goes for the first 9 strikes this week and shoots 278. Kirt rolls 758. Greg Mueller, continuing this season's most popular bad habit, leaves the 5-7-10 but is NOT in the pot.

**Week 29** The ROAD-KILL name loses significance as they win 2 games for the 2<sup>nd</sup> week in a row. GOOD NEWS?: Pam H's. 2<sup>ND</sup> game and series led HEATING's night. BAD NEWS?: Pam had 172-429. The disease was contagious as MECHANICAL won one game 973-969. (Lowest score ever?)

**Week 30** NO BLINDS! AERONAUTICAL sweeps with a "magic" broom, winning 3 team games and total while only winning 8 of the 20 individual points. RESEARCH builds an insurmountable 60-point first place lead.

**Week 31** Great bowling – Greg Klocke shoots 299, with only a sticky 5 pin in the way, has 703, but the weekly leader is still Kirt with 711 on lanes 15-16. This means that Kirt has a 700 series on every pair this season. John Derner smashes the 600 barrier with his first, a 675. Mike Augustine leaves the 5-7-10, just another bowler NOT in the pot.

**Week 32** Research clinches first place for the second half, but the real news is Terry Entwistle, who leaves the 5-7-10. It's never too late; she is IN the pot and the ONLY one collecting this season.

**Roll-Off** AERONAUTICAL sticks it to RESEARCH, winning the league championship. Congrats to everyone on a fine and enjoyable season!
